// //

A small collection of pics I took of Union Pacific's steam survivor 844. Some of the pictures I took at a stop at Gibbon Junction in 2006 (I think) and some close-ups as it sat overnite in Grand Island Nebraska in 2007.

844 at Gibbon 844 in

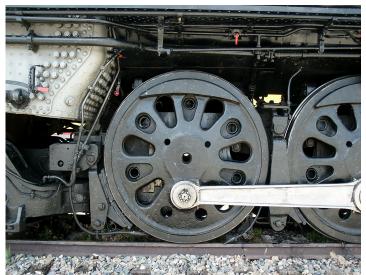

Grand Island

view of the oil tenders

I detailed and the RAAletine solve RAAIch arriving wheels

Horas is its of beground both trainer plaintings see paintings featuring 800 series UP locomotives.
